

COVER LETTER

Date: August 9, 2022

Dear Woo Network,

I am excited to be applying for the Business Intelligence Intern. I am confident that I have personalities and skills that you're looking for in a candidate.

During my undergraduate life, I was majored in Public Finance, but I've learned alot in various fields such as: CSR, FinTech, Marketing, Algorithm Trading, Data Science, etc.... Those made me not afraid of trying new things and making mistakes.

Yours Faithfully
Abner Teng
